Interreg Danube Region

Co-funded by the European Union

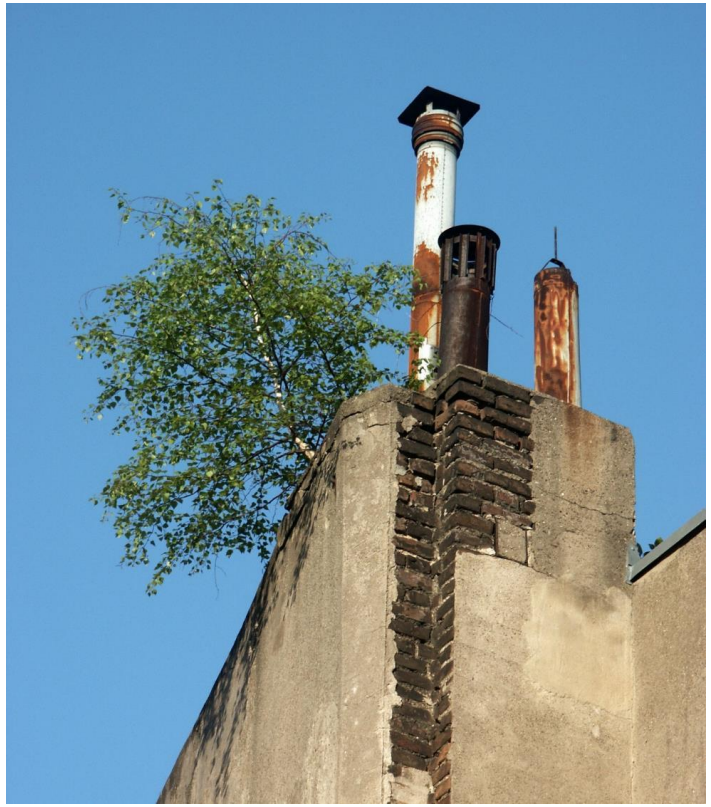
PilotInnCities

About the project

Interreg Danube Region
Co-funded by the European Union
PilotInnCities

- Priority axis: 1. A more **competitive** and **smarter** Danube Region
- EUR 2.48 M total budget (with EUR 1.98 M co-funding)
- 11 partners from **6 countries**
- **Quadruple-helix** approach 2 3 4 2
- **System-level** intervention (two ministries leading the partnership)

Main objective: high-performing ecosystems boosting competitiveness



new solution → **pilot implementation** → **replication & scaling** → **internationalization**

Agile piloting: setting things in motion
