

DANUBE TECH VALLEY INITIATIVE

6th December 2022
Belgrade & Bratislava

THE VISION

The Danube Tech Valley Initiative by GLOBSEC is aiming to build the Danube Tech Valley. The Danube Tech Valley (DTV) strives to be a new, top-performing hotspot for innovation in Europe.

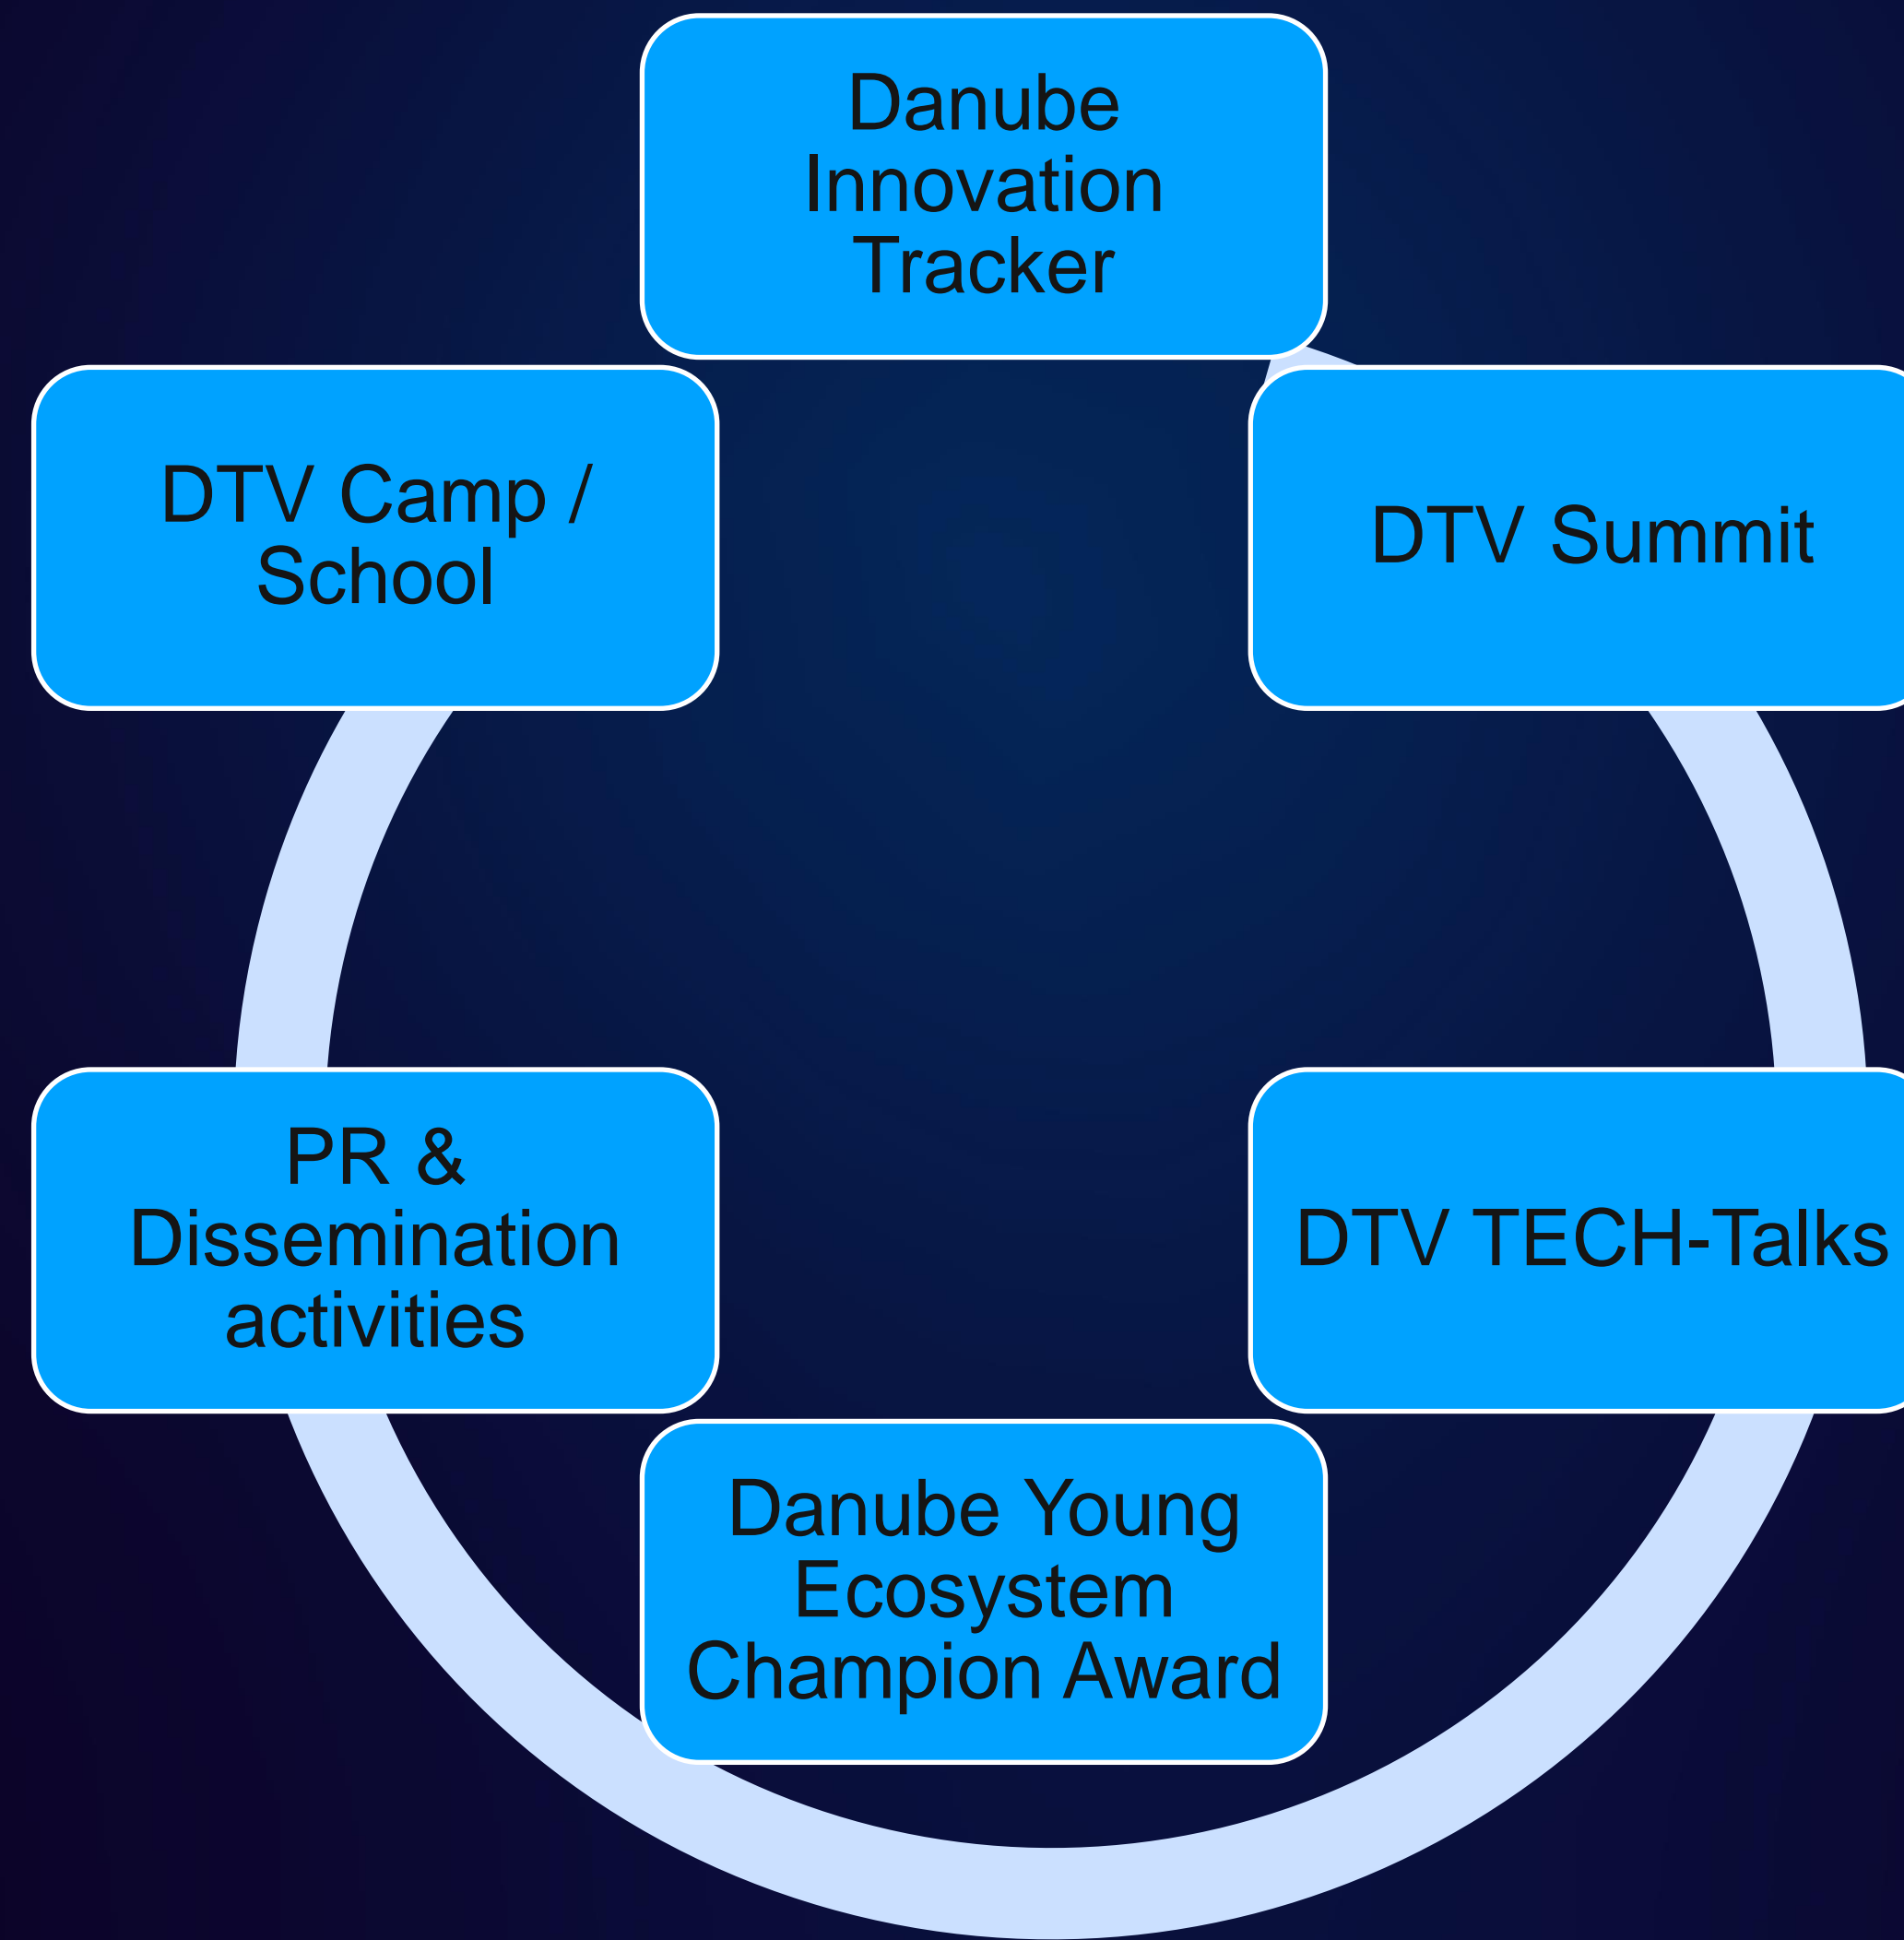

THE MISSION

The DTVI powers ahead and accelerates the innovation potential in the Danube region, by increasing its competitiveness and growth vis-à-vis the rest of Europe and the world. The DTVI will create synergies and convergence, interconnecting existing initiatives, and enabling bottom-up cross-border interactions and cooperation between diverse stakeholders in the Danube region.

PUBLIC INFORMATION

Add your organization

Are you a founder, a VC, or otherwise active in the ecosystem? Gain visibility and help the database become more complete by adding your organization or updating your company profile.

[Manage companies](#)

Becoming a partner

Our partners help make this platform what it is through data sharing, collaboration, sponsorship and research. Sounds interesting? We'd love to discuss any ideas.

[Contact us](#)

Where the data comes from

This platform is powered by Dealroom. We combine machine learning and data engineering with user-submitted data with robust verification processes and a strong network of ecosystems.
