The screenshot shows the Western Balkans Info Hub website. The header includes the logo, navigation links (About, Glossary, etc.), and a search bar. The main content area features a featured article titled 'Knowledge Transfer and Knowledge Valorisation' with a sub-header 'Turning R&I Results into Sustainable Solutions'. Below this is a section for 'Upcoming theme' titled 'European Research Area (ERA)'. The left sidebar contains an 'Admin' section, a map of the Western Balkans, and a 'Featured News' section with several news items.

A history since 2006/07 ...

The Western Balkans Info Hub is based on previous cooperation and information hubs in support to the Steering Platform on Research and Innovation for the Western Balkans.

The WB InfoHub is supported by the Horizon Europe funded project POLICY ANSWERS which was introduced at the 23rd PA7 Steering Group Meeting in June 2022 and received the Flagship status presented in December 2022.

Cooperation with you ...

- Share your news and updates with info@westernbalkans-infohub.eu
 - Promote the hub to your audiences as an informative platform + subscribe / join on your favourite social media
 - Let's plan a dedicated newsletter to EUSDR / macro-regional strategies and their activities / impacts in the region
- Beyond the website and newsletter ...
 - Twitter: 660+ followers (Dec. 2022) -> 955 followers (June 2023)
 - LinkedIn: 580+ followers -> 992 followers
 - Facebook: 2.800 followers -> 2.975 followers
 - Stakeholder engagement
 - Policy meetings and advise

Why?

Can we help the researchers and innovators in the region to identify their EU-funding and cooperation **opportunities** and possibilities to increase their capacities?

The Western Balkans actively participate in many EU programmes (e.g. Horizon Europe, Erasmus+, etc.) but information about the multitude of opportunities is not yet widely available. The researchers, innovators, educators and stakeholders on national, regional and local level need to receive information to build their strategies to integrate into the European Education, Research and Innovation Areas.

Save-the-date: 13 September

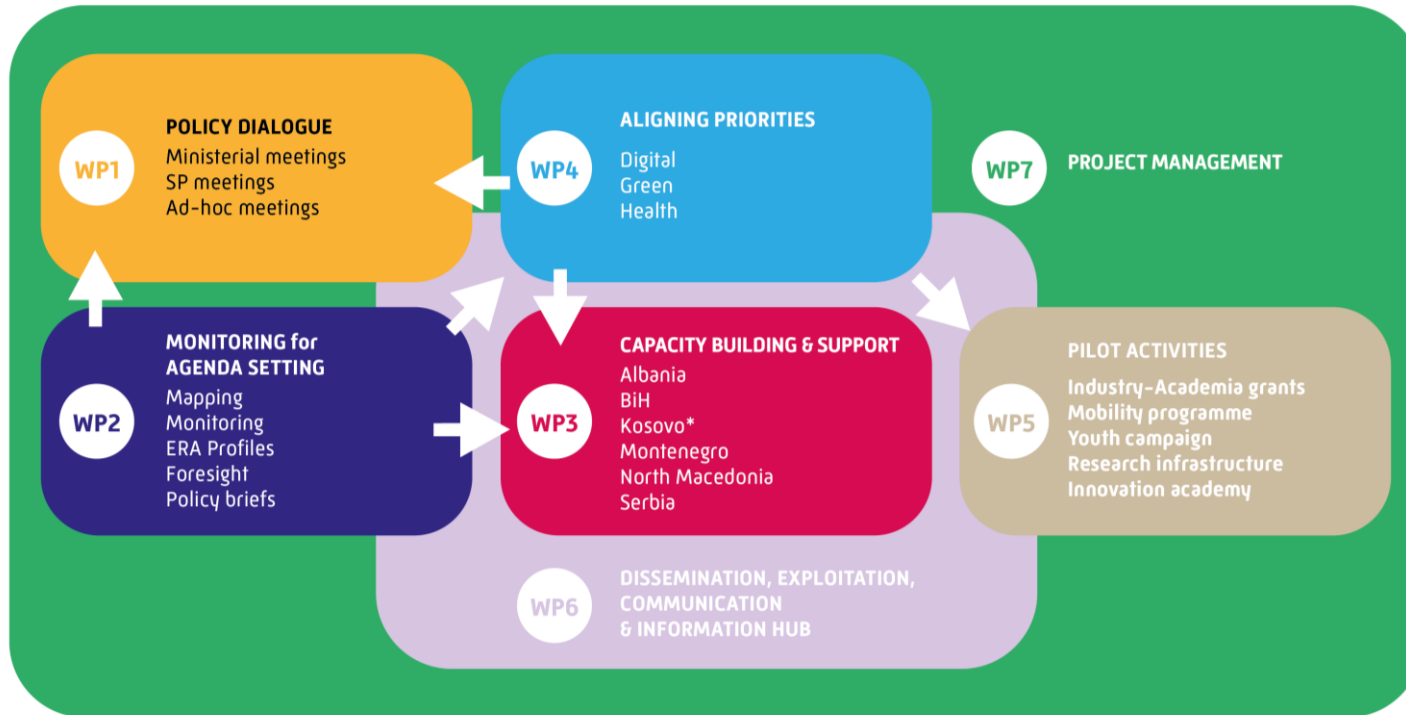

Come to Sarajevo

- Kick-off for a cooperation and exchange platform on digital/green/health priorities
- Discussion about exploiting cooperation in missions and partnerships better, S3, research infrastructures, etc.
